Pastor Mark taking Sabbatical this Summer

Sometimes the best strategy to get things done is to press forward and keep working. Sometimes the best strategy is to take a rest and come back later. I am at the point where I feel like the more I press forward the less productive I am getting. Synod guidelines suggest that churches offer Sabbaticals after 4-6 years of service, and my last Sabbatical was 6 years ago, so the time has come. Thank you to the Church Council for their support!

Part of my Sabbatical will be time for rest, refreshing and family, and part of my sabbatical will be staying in the Yukon area working on two areas the church (the whole church, not just RLC) has not been very good at. Those areas are unity between churches and Christians of different denominations and church streams, and Christians more intentionally living out the faith in daily life and not just keeping their faith in the church building.

As with my last Sabbatical, you will be invited to participate in what I am focusing on learning. Two of the tools I will be using to accomplish my Sabbatical theme will be a t-shirt and a devotional book. More details about how to use these items will be given as they become available.

Jesus has promised that we will experience his presence as we practice unity with other Christians and as we live out our faith by loving and serving our neighbor. If you want to more fully experience Jesus' presence and activity in your life this summer, you are invited to take the challenge Pastor Mark will be setting not only for members of RLC, but for members of Christian congregations throughout Yukon.
